SECTION 1 – PLAN ADMINISTRATION

1.1 Amendment Record

Document Version	Amendment	Date	Amended by

1.2 Distribution List

	Name	Organisation	Contact Number	E-mail
1.	Margaret Vass	Strathblane CC	01360 770131	margaretvass@btinternet.com
2.	Alan Hutton	Strathblane CC	01360 770537	alanhutton@googlemail.com
3.	Dick Arnold	Strathblane CC	01360 770006	richard@eslpaisley.freemove.co.uk
4.	Fiona Murray	Strathblane CC	01360 771497	murray-fiona@sky.com
5.	John Gray	Strathblane CC	01360 771031	john@kirkburndrive.net
6.	Marian Lever	Strathblane CC	01360 770536	marian.lever@btinternet.com
7.	Elsbeth Posnett	Strathblane CC	01360 770113	elsbeth@posnett.co.uk
8.	Willie Oswald	Strathblane CC	01360 770497	willie@oswald.fsnet.co.uk
9.	Philip Graves	Strathblane CC	0141 956 1954	philip.towerwood@btinternet.com
10.	Mike McNulty	Strathblane CC	01360 770076	mikemcnulty1840@gmail.com
11	Gordon Ash	Strathblanefield CDT	01360 771044	gashandlash@sky.com

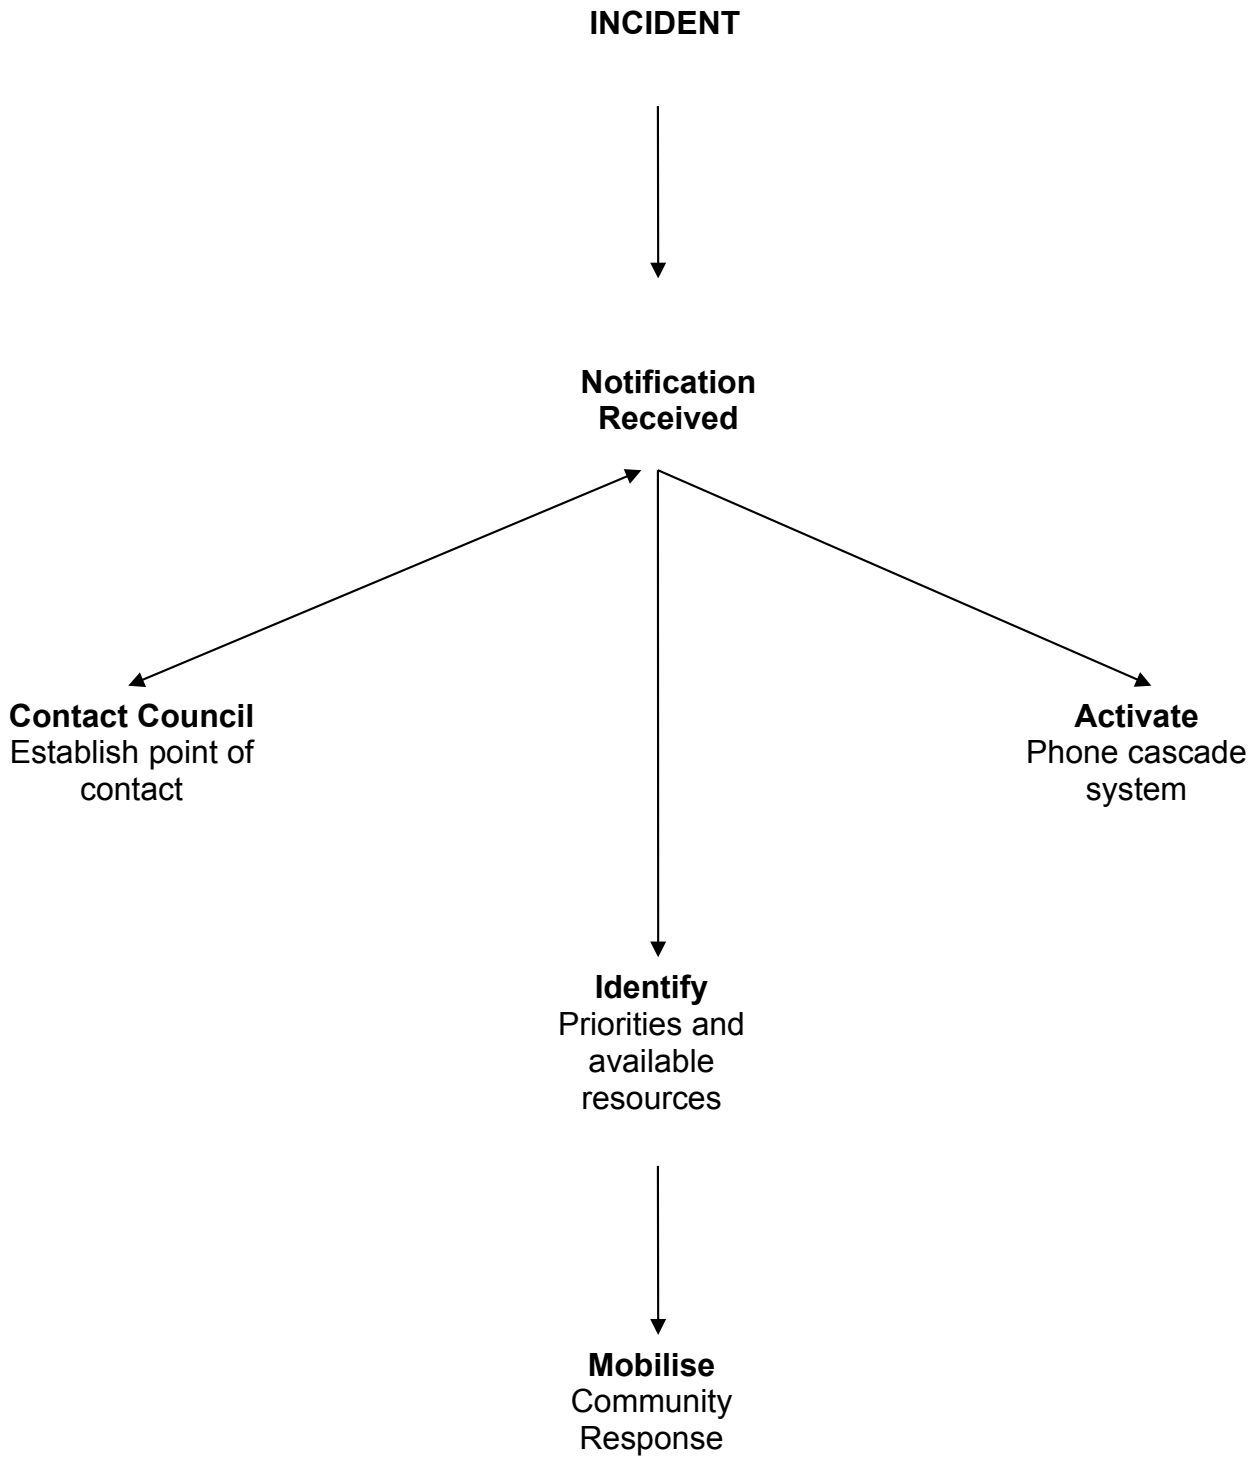

1.3 Aim

To facilitate co-ordinated joint working with Stirling Council in response to severe weather.

1.4 Objectives

1. Identify vulnerable elements of the Community
2. Identify key hazards and mitigation measures
3. Identify resources and key contacts in the community
4. Co-ordinate the local response to severe weather

1.5 Response Flow Chart

SECTION 2 - ACTIVATION

2.1 Initial Contact

Notification of an incident can come from a variety of sources, eg Emergency Services, Stirling Council or the local Community. Initial contact will be made to **one** of the key community contacts listed below :

Key Contact	Name	Contact Details
1	Margaret Vass	01360 770131 or 07595 607 651
2	Alan Hutton	01360 770537
3	Dick Arnold	01360 770006

The Key Community Contacts provide a vital link between the community and other organisations planning for and responding to a severe weather incident and to provide the focal point for the community response.

2.2 Initial Action

On receiving notification of an incident the key contact takes the following action:

- Contact Stirling Council - if notification was from another source. (see contact sheet)
- Notify other key contacts

2.3 Follow – on Action

Contact other members of the Community that need to be alerted:

- Those specifically under threat
- Volunteers and key holders that may be needed

2.4 Telephone Cascade

This wider activation is achieved through the telephone cascade system which is detailed below.

The cascade works as a pyramid. The key contact at the top makes the first call to two or more people. In turn, they call an assigned set of people and so on, until the tree is complete.

If any assigned contact is not available, the caller must take responsibility for contacting their cascade list to ensure that the activation procedure does not stall.

Telephone Cascade

Log Sheet

It is important to record all information during an emergency. Completing a logging sheet is an easy way to ensure information is not lost and that decisions and actions are tracked.
